OFFCUT WASTE
0.00 m²

✓ Offcut stored (2.32×5.10 m) — available for later rooms

✂ **Customer option — cross-cut last strip:** The 1.34m strip only needs 1.34m of roll width. Buy just 2×1.40m of roll and rotate it 90° — saves 2.30m of roll (needs 1 extra butt-join within the strip).
⚠ *Pile direction will differ at this seam — confirm with customer before cutting.*
